

Dri-Lex® travels in good company.

THE
NORTH
FACE

NEVER STOP EXPLORING™

Dri-Lex® Fleece linings expel chilling perspiration like no other material, keeping feet impervious to a variety of weather conditions. The surface layer of Dri-Lex keeps skin comfortably dry, while the second layer wicks moisture away to evaporate.

The North Face® is an epic brand in the outdoor industry. Equipped with Dri-Lex Fleece for warmth and comfort, The North Face Lifty 400 GTX is a superior insulated boot for even the most wintry conditions. Insulated, lightweight, stable—in sizes for men and women.

The North Face and Dri-Lex—travel with us.

DRI-LEX®

Making the Best Brands Feel Even Better
