

Every Evolution A Revolution

Every advance in technology offers us more time. Time for inspiration. Time for imagination. Time for reflection. **EDIUS Video Editing Systems** from Canopus offer you more realtime. Realtime mixed format editing. Realtime effects processing. Realtime playback.

What's revolutionary about that? Canopus is the first to deliver full quality, full frame rate playback from the timeline, directly to the HDTV display on which your final production will be viewed, in realtime.

Not ready for the revolution? EDIUS NLE Systems provide extraordinary realtime DV editing — ready for HDV when you are. **Visit www.canopus.com.**
