

A bra with a brain

What for? A better workout.

The NuMetrex™ heart-sensing sports bra for women — and the NuMetrex™ heart-sensing cardio shirt for men — take heart rate monitoring to a new level of comfort and convenience.

Equipped with advanced textile technology, NuMetrex™ garments incorporate heart-sensing fibers, eliminating the need for an uncomfortable chest strap. Just snap in a transmitter to capture heart rate and relay it to a compatible cardio machine or watch.
